

Nara Institute of Science and Technology Alumni Association
Chairperson: Kiyoshi Kiyokawa

Nara Institute of Science and Technology Alumni Association Membership Invitation

To all new students, I extend my congratulations on your admission to the Nara Institute of Science and Technology. The time you are going to share with the faculty, seniors, juniors and new friends at NAIST is invaluable experience that will last a lifetime. Through your studies, research, and other activities, we hope that student life provides nourishment for a healthy and prosperous future ahead.

The Alumni Association is organized by former students of the Nara Institute of Science and Technology with the goal to support graduates and current students of NAIST. There are more than 10,000 graduates with various research backgrounds. They are active in both domestic and overseas universities, research institutes, private companies and others. The Association supports various projects that help networking of students and build relationship between students and graduates (see reverse side).

We would like to extend an invitation to all students to join the Alumni Association. With a one-time lifetime membership fee of 20 thousand yen at time of enrollment, no additional expenses are required even after graduation. We offer various benefits for our regular members (see reverse side).

You will realize how important what you have learned and experienced at schools will be once you have graduated from NAIST. There will definitely be more occasions that you will feel proud of having studied at NAIST. Being part of the Alumni Association will give you more opportunities to realize importance of the relationship with NAIST and people involved there. These feelings will only strengthen with time, so we encourage you to take advantage of this opportunity to make full use of the membership to build connections with NAIST community.

Last but not least, again we congratulate you on your admission. We are sure you will enjoy a fulfilling student life at NAIST. We wish your continued success and prosperous future.

Warmest regards

清川 清

Nara Institute of Science and Technology Alumni Association Membership
