

Medical treatment period in case you become infected

※If you are diagnosed as positive, please follow the instructions of the public health offices.

※You are diagnosed positive ➡Create the "Report on infection with new coronavirus"

➡Submit it to covid-19@ad.naist.jp by email.

※The period of medical treatment (health observation) is 7 days from the day after the onset of symptoms or the day after receiving a positive test (in the case of no symptoms).

If 24 hours have passed since the symptoms have mostly subsided, normal life (going to work or school) is possible from the Day 8.
