

【Master's Course Applicants】
Pre-application Process for the NAIST Entrance Exam

Preparation (6 months – 1 year prior to 1st day of the application acceptance period)

Check the Graduate School of Science and Technology list of laboratories for a laboratory that suits your research theme/interests.

Graduate School of Science and Technology List of Laboratories pages are as follows:

[Division of Information Science](#)

[Division of Biological Science](#)

[Division of Material Science](#)

Apply to the Pre-Application Support Desk
(2–6 months prior to 1st day of the application acceptance period)

Please complete pre-application process by filing in the necessary information on the “Pre-application procedure Form”.

<https://adm-support.naist.jp>

Contact your preferred supervising professor.

1 month after contacting preferred supervising professor

Receive the “Notice of Scheduled Laboratory Assignment” from the Pre-Application Support Desk after you contact the preferred supervising professor. Please keep Notice of Scheduled Laboratory Assignment. Those who receive the notification can apply for Entrance Examination.

Application Period

Apply for Entrance Examination:
Do not submit Tentative Laboratory Acceptance Notification with other application documents.

Take Entrance Examination.

Successful applicants will move on to the entrance procedures.
