新型コロナウイルス感染症に関する出席・就業停止の考え方

- (1) 感染した場合（新型コロナウイルス感染症）
 - ① 治癒するまで出席・就業停止。担当医師の指示による。
- (2) 濃厚接触者と特定された場合（新型コロナウイルス感染症の疑い）
 - ① 保健所から指示された日まで出席・就業停止。
 - ② 感染が判明したら（1）へ。
- (3) 同居家族が濃厚接触者と特定された場合（新型コロナ感染症の疑い）
 - ① 家族が保健所から指示された日まで、出席・就業停止し、健康観察を行う。
 - ② 家族の感染が判明し、本人が濃厚接触者に特定されたら（2）へ。
- (4) 発熱など、かぜ症状がみられる場合（新型コロナ感染症の疑い）
 - ① 発熱（解熱剤服用後平熱に戻った場合も含む）・風邪症状・倦怠感など、感染症に類する症状がある場合は、欠席・欠勤し自宅で休養する。症状の出た日から3日以内に快癒すれば、発症日を含め6日経過した翌日より出席・出勤可能
 - ② 以下の症状がある場合は、新型コロナウイルス感染症の可能性があるので「帰国者・接触者相談センター」（TEL：0742-27-1132）に連絡し、指示に従う。なお、PCR検査受検の有無にかかわらず、症状発現から14日間は自宅待機する。その際、危機対策本部（[somu\[at\]lad.naist.jp](mailto:somu[at]lad.naist.jp)）及び保健管理センター（[hcc\[at\]hcc.naist.jp](mailto:hcc[at]hcc.naist.jp)）に連絡すること。感染が判明したら（1）へ。
 - ・息苦しさや強いだるさ、高熱などの強い症状がある場合
 - ・高齢者など重症化しやすい人で発熱やせきなど比較的軽いかぜの症状がある場合
 - ・発熱やせきなど比較的軽いかぜの症状が続く場合
（症状が4日以上続く場合は必ず）

Attendance and work suspension of work for new corona virus infections

(1) In case of infection (new corona virus infection)

① Suspension of attendance and work until the patient is cured as directed by the doctor in charge.

(2) If you are identified as a concentrated contact (suspected new corona virus infection)

① Suspension of attendance and work until the date instructed by the public health center.

② If you are infected with new coronavirus, go to (1).

(3) If your family member living with you is identified as a concentrated contact (suspected new corona virus infection)

① Suspension of attendance and work until the day the public health center instructs your family member to do so. Health observation is also needed.

② If your family member is infected with new corona virus and you are identified as a person in concentrated contact with the infected person, go to (

(4) If you have symptoms of a cold such as a fever (suspected new corona virus infection)

① If you have a fever (including having a normal fever after taking antipyretic drugs), symptoms of a cold, lethargy, or other symptoms of an infection, you need be absent from school /work and rest at home. If you recover within three days from the date of onset of the symptoms, you may attend and work from the next day after six days, including the date of onset of the symptoms.

② If you have any of the following symptoms, you may have a new corona virus infection. Please call English Consultation Center for recent arrivals and people who have been exposed to an infected person (TEL: 0742-27-1132) and follow the instructions. Regardless of whether you take PCR test or not, you need to stay at home for 14 days after the onset of symptoms. In this case, please also contact Crisis Measures Headquarters ([somu\[at\]ad.naist.jp](mailto:somu[at]ad.naist.jp)) and Health Care Center ([hcc\[at\]hcc.naist.jp](mailto:hcc[at]hcc.naist.jp)). If you are infected new corona virus, go to (1).

- Having strong symptoms of a cold such as shortness of breath, strong lethargy or high fever
- In case of people who are prone to severe illness and elderly have relatively mild symptoms of a cold such as fever and cough
- Having relatively mild symptoms such as fever and cough for more than 4 days
